REDSOX/ABQON/Operational

Approved ABQON Program FY 1955

1. Basically, the plans for ABQON FY 1955, both in the KUFINK and KUDOWN fields, have been designed to utilize those remaining salvagable assets from earlier ABQON operations. It has been expanded further to develop a secure and practical framework upon which to project future operations. These activities, as envisioned, will include:

a. The continued support of Identity A, providing the changes in the format and editorial policy discussed between [ ] and ABCAMBISTA 4 are implemented. KUBARK assumed the responsibility of continuing to transmit KUDOWN support material for use by the publication staff. ABCAMBISTA 4 noted that Identity A, should receive an additional appropriation of a \$300.00 per month. He felt that the increased burden upon Identity A should warrant an additional editorial assistance. No definite commit. was made to ABCAMBISTA 4, but he was informed that the matter would be given consideration if the problem of augmenting the staff arose.

b. The KUFINK activity for the coming fiscal year would be limited to the training of ABCAMBISTA 5. This training would commence circa, July/1954 at a place designated by KUBARK and would continue for a period of about one (1) year. At the expiration of the training period, the Principal Agent and representatives of KUBARK would discuss the feasibility of recruiting, training and dispatching agents into the Byelorussian S.S.R. ABCAMBISTA 5 will be used to:

(1) Act as Principal Agent in KUDOWN-KUFINK REDSOX type operations. Should the REDSOX phase of the operation be deemed unwarranted either by situation or lack of candidate, ABCAMBISTA 5 may then be used in KUDOWN type activities.

(2) Act as coordinator between KUBARK and ABCAMBISTA 1 in KUDOWN and KUFINK matters.

(3) Aid in the spotting, selection, assessment, recruiting,

training and dispatch of agent personnel.

c. AECAMBISTA 2 will be retained on a non-salary basis as a consultant on problems which may arise from the AECOR TEAM II contacts. He will not be used in any other capacity. Should AECAMBISTA 2 incur any expense during the course of a consultation, i.e. travel, he will be compensated for said expense upon the submission of documented evidence or a statement in lieu thereof.

d. A study is to be undertaken of the Byelorussian emigration by AECAMBISTA 16. The information gathered in PEPRIME will be augmented with additional details from factual documents now in the possession of AECAMBISTA 4 and stored in Paris, France. As in paragraph 1 (a) AECAMBISTA 4 requested an additional appropriation of \$300.00 per month be granted for the study. He explained that the added amount would be used in PARIS to offset any cost, which he noted, would certainly arise in photostating and transmitting the information to AECAMBISTA 16. He was informed that the request seemed reasonable, but that no action would be taken until the actual study was underway.

2. For all operational matters, the LOUVAIN complex can no longer be considered as a source of potential agent recruits.

3. It is requested that the field undertake preparations for the transferral of AECAMBISTA 5 "white" to PEPRIME. He should be given another LOFLUTTER. Once this has been accomplished, a written agreement should be executed to the effect that AECAMBISTA 5 will leave PEPRIME at the end of his training period. It should be stressed that the visit to PEPRIME has nothing to do with permanent residence in PEPRIME or citizenship. If it is deemed advisable to have him establish PEPRIME citizenship later, he must apply through the regular channels. We will, of course, aid his effort.

Have AECAMBISTA 5 apply at the MUNICH or FRANKFURT consulate for a regular visitor's visa. If too long a delay is forecast, notify headquarters and action will be taken to expedite the application. Headquarters is awaiting a CDC and will notify the Field Case Officer when it is granted.

4. AECAMBISTA 4 stated that he would like to communicate with the undersigned. He was told that the best arrangement would be for AECAMBISTA 4 to deliver the letter to AECAMBISTA 2 who in turn would relay it to [ ] for transmittal to PEPRIME via pouch.

FYI: [ ] has been meeting with AECAMBISTA 4 under the name of Identity B.
